

FLIP PUZZLE™ INSTRUCTIONS

- 1) Design puzzle using
your favorite Graphic Software

- 2) Print puzzle
design using your
color ink jet printer.
Be sure to select
"high quality" setting.

When your print is
finished and dry, crease
downward on the "A"
perforation

- 3) Place the printed puzzle face down on
a flat, clean surface. Carefully remove the
liner to expose adhesive.

- 4) Leaving the sheet face down, refold along the
"A" perforation to secure the top and bottom
to each other.

- 5) "Pop" out the puzzle.

- 6) Separate the pieces.
